Interesting experiments were made last week with a telegraph over 40 miles of ordinary telegraph wire between Saritoga and Albany. The new telegraph is the invention of Marshall of New York and is entirely novel in construction and principle. No magnet coil or diaphragm is used, the telegraph being dependent for its working upon the acoustic interpretation of sheets of ordinary tin foil and paper aranged as a condenser. By means of the spstum conversation can be carried on at a distance of 500 miles over a telgraph wire on which a telegrapic message is being sent at the same time.

For Judge of the Second Judicial District, EDMUND R. DODGE,

For the Fourth Judicial District, J. POUJADE, Of Lincoln. ---

'the following is the Platform the Republicans

PLATFORM AND RESOLUTIONS. The representatives of the Republican party of the State of Nevada, in convention assembled, enter upon the campaign of 1894 with no aim save the good of the State and Nation, devotation the best interests of all, firm in the conviction of the justice of their cause, and supremely confident that while the minds of mrn may, at times be blinded by passions and the teachings of falce prophets, they cannot remain permanently cloud-

that while the minds of mrn may, at times be blinded by passions and the teachings of false prophets, they cannot remain permanently clouded, and that the right will ultimately prevail.

First—The "silver question" is by far the most important issue before the people of this comitry to-day. We believe that the destruction of the true standard of value by the destruction of the true standard of value by the demonstration or silver in 1813 was a grave wong to every silver mining State and Territory in the Union that it increased the burden of all debts and enriched the creditor classes at the expense of everybody else; that it paralyzed the productive energies of the entire country, depressed business of every bind except that of money lending, and that there can be no permanent return of prosperity to our country until silver shall have been restored to its full use and highest position as a money metal, and as the only perfect mode of so restoring it we demand the free and unlimited coimage of both gold and silver at the ratio of 16 ounces of sliver in I ounce of gold, with full legal tender functions accurated to each and no discrimination against either. This action we demand by the Cuited States acting independently and wholly regardless of what any other nation may or may not do. We hereby fledge our candidate for Congress and request our United States Senators to make the question of silver paramount to every other, to treat it as strictly in no-partisin, which it is; to hold themselves free from all party dictation concerning it, and to use all henorable means to hold the ratio of 16 to 1.

Second—We believe that under any monetary system that can be adopted the protection of the American producer against the blighting and de-

time ratio of 10 to 1.

Second—We believe that under any mometary system that can be adopted the protection of the American producer against the blighting and destructive competion of cheap labor abroad is also a matter of vast importance to the great body of the American people. Upon this question we are in hearty accord with the principles of the National Republican party. We believe that the wool-grower, the silver-lead uniter, the salphur mitter, the borax maker and all other producers are entitled to live as beins American freeman, without being brought down to the wage level and social conditions of the poorest paid labor in the world.

Thus—We arrange Senator stewart for his failure to yote on the motion to strike out the differential duty on refused sugar, thus not only showing his disposition to favor the signatic sugar trust, but failing to kill at a blow the obnexious Wilson bill, which is now threatening the very existing of some of the mess important industries in the State of Nevala, including that of wool production, which even now furnishes asbistered to a large number of our people.

some of the mest important industries in the State of Nevada, including that of wool production, which even now furpishes subsistence to a large number of our people.

FORTH—We recognize the fact that if the labor market is overstocked—if there are millions of idle men chamoring for work, the employer is given an under advantage, and despite the best directed and best intended efforts of Islor organization to provent it, the price of labor is bound to fail.

This condition exists generally throughout the United States at the present time, and is largely owing, as we believe, to the vast tide of immigration constantly rolling into the country. Therefore we favor wise restriction of immigration—not in the spirit of prejudice, not upon the theory that the respectable foreigns is an unworthy person but solely with a visw of relieving the labor market and insuring to the American citizen, whether a native or foreign born, as homest day's pay for an honest day's work.

Firm—Recognizing the importance and necessity of providing a means whereby honest labor may enforce recognition of its just demands from all classes and conditions of employers engaged in a business or public nature and believing that artition based on full information of all the facts in each case, will secure pusite to all concerned. We hereby demand that our Representatives in Congress use all honorable means to secure the passage, at the eachiest possible moment, of a national Labor Arbitration Law, providing fully for the adjustment of such diff-rences as may arise between labor and its employers, and clothing such Act with such proper and adequate vindicatory and penal causes as will embly those interested to compela compliance with its provisions.

We also favor the creation of a State Board of Arbitration of like character for the same purpose and clothest with similar powers.

Sixra—We demand the immediate and unconditional repeal of the suspensory clause of the Union, and Nevada receive her share of the benefits.

Seventa—We demand the immedi

of that party, of Senate Joint Resolution No. 8, by which our Senators and Representative in Congress were urgently requested to do all in their post to permote and secure the passage of an act of Congress for the adjustment or refunding of the indebtadness of the Souther Pacific Railroad, thus empirates the endorsing the principles of the Heilly bill more pending in Congress and soing to a creater length in subserviency to that company than any party in the State of Newada had ever gone before. And we contially endorse the action of those Republican Senators who words a suited that resolution, and the course of the Republican Governor who refused to you is the

exaction.

Upon the maturing of the debts of the Pacific alread Companies to the United States Government of the Government specifly enforcing its demand in the best and most advantage. tageous way.
alourn-We are most beartily to favor of the

nent, we are in favor of the decoration of the construction of a composition of a composition of the construction of a composition of the State to give proper encouragement to any parties who will undertake the construction of such road.

Ninth-We indignantly condens the action of the State to give proper encouragement to any parties who will undertake the construction of such road.

Ninth-We indignantly condens the action of the self-styled Silver party of Newada, as represented in the Sixteenth session of the Legislature, for passing a proposed Constitutional amendment authorizing a lottery. We declare the Republican party of Newada to be unaiternably opposed to any lottery whatever and especially the proposed one, which would shauchesely make the State of Newada as stock-holdet therein, and every county in the State a sharer of its booty. We urgently recommend that sever Heppellican County Convention in the State pleake its legislative nomines to vote against the pending proposed lottery amendment to the Newada Constitution.

TENTH-We invite the especial attention of the people to the aglendid Republican administration of our State Government for the last four years, and if successful, we pledge a maintennance of the same high standard during the four years to come.

ELEVENTH-We are carnestly in favor of reclaiming the arid lands of Newada in every practicable way, and believe that it is the dury of the United States Government to aid in the work.

Twintyni-In view of the fact large numbers of mining claims are patented, and then virtually abandoned and left nuworks for years, thus excluding from location and development large tracts of mineral land, we believe that the laws under which such claims are patented, should be so revised as to prevent the source which hey are now pursuing. Great bartless are fought and won by great amines, and in all the bistory of the world the strengther should be fought within the lines of the two great parties, and that the parity of the world the strength parties and that th

It has been aunounced that the State militia record shoot will take place between the 7th and 14th of October.

The Eiko county Republicans have had a convention and adopted a platform, and nominated Colonel J. B. Moore for State Senator, and James Russell of Elko, Abner Wiseman of Clover Valley and George H. Bird of Tuscarera for Assemblymen.

The potato acreage of Yakima county, Wash., is estimated at 6000 acres, and will average 200 bashels, or six tons to the scre, making 1,200,000 bushels. At \$15 per too, or 890 per acre, there is in round numbers \$540,000 for the crop.

A party of surveyors have just finished making a survey for the narrow gauge railway from the B. & M. freight depot at Hot Springs, S. D., to the Wind Cave. Pittsburg capitalists will build the road and they propose to have it done for next sea-

It is reported that the double service of passenger trains on the Central Pacific will se discontinued east of Reno after October 15th. A local will run from Reno to San Francisco. The through train will be a fast mail. This arrangement has not been definitely settled by the company, but it is being seriously considered.

Charles F. Glovestein, a farmer living near Mics, Wash., who mysteriously disappeared from his home on the 30th of last July, and who was believed by many to have been murdered by his political enemies, is alive and well. He is working on a farm near Moro, Sherman county, Or. He fled from Mica becaused he feared his political enemies would kill him.

One person out of every seven in the United Kingdom is a depositor in the postofileo savings banks, which have nearly \$360,000,000 deposits.

Platform. Your Committee on Resolutions and Platform, having attended to the duty assigned them, beg leave to make the following report:
Wurmess: It has been demonstrated by the history of the rast two years—pregnant with bonds and bankraptey at home, corruption and cowardice in foreign relations, disaster and death, starvation, in foreign relations, disaster and death, starvation,

and bankedsety a noise, dissister and death, starvation, in foreign relations, dissister and death, starvation, strikes and general stagnation of all business enterprise,—that the Poople's Party was formed none too soon to avert the complete destruction of our form of government and the liberties of our people. Therefore he it

Risolvko: That we endorse the declarations and platform of the People's Party adopted at Omaba on the 4th of July, A. D. 1892, as follows: PEOPLE'S PARTY PLATFORM. Adopted at the National Convention July 4, 1882

Adopted at the National Convention July 4, 1882.

We declars—1. That the union of the labor forces of the United States, this day consummated, shall be permanent and perpetual. May its spirit enter into all hearts for the salvation of the republic and the uplifting of mankind.

2. Wealth belongs to him who creates it, and every dollar taken from industry without an equivalent is robbery. "If any sill not work, neither shall he est." The interests of rural and civic labor are the same; their interests are identical.

cal.

3. We believe that the time has come when the railread corporations will either own the people on the people must own the railread and should the government enter upon the work of owning and managing any or all railroads, and should favor an immediate to the constitution by which all persons engaged in the government service shall be placed under a civil service regulation of the most rigid character, so as to prevent the increase of the power of the national administration by the use of such additional government employees.

4. We demand a national careact, sate, sound, and flexible, issued by the general government only, a full legal tender for all debts, public and private, and that without the use of backing corporations, a just, equitable and efficient means of distribution direct to the people, at a tax not exceeding two per centum per almout, be provided, as set forth in the sub-treasury plan of the farmers alliance, or some better system; also by payments in discharge of its obligations for public improvements.

mprovements.

5. We demand the free and unlimited coinage of silver and gold at the present legal ratio of 16 We demand that the amount of the circulat-medium be increased to not less than \$50 per

capita.

7. We demand a graduated moone tax.

8. We believe that the money of the country should be kept as much as possible in the hands of the people, and hones we demand that all state and national revenue shall be limited to the messary expenses of the government, economically and honestly administered.

9. We demand that postal savings banks be established by the government for the safe deposit of the earnings of the people and to facilitate exchange.

and public necessity, the government should own and operate the railroads in the interests of the The telegraph and the telephone, like the 11. The telegraph and the telephone, has the postedice system, being a necessity for transmission of news, should be owned and operated by the government in the interests of the people.

12. The land, including all the natural sources of wealth, is the heritage of all the people, and should not be monopolized for speculative purposes, and alien ownership of land should be prohibited. All lands now held by railroads and other corporations, in excess of their actual needs and all lands now owned by allens should be reclaimed by the government and held for actual settlers only.

thange.

10. Transportation being a means of exchange and cubic necessity, the government should ow

settlers only.

And WHERMAN: It is apparent that there is a collusion between the leaders of the so called Republican and Democratic parties, in order to lull the people into fancied security to change admini-

istrations, in name only, that they may the better serve their foreign masters; as has been the case for the last twenty-five years, and.

Wheneas: it is necessary, in order to conquer the common enemy, to unlie under a common rational banner, and not fritter our time and strength away in isotering local parties of different names. Therefore be it further

Erschape: That, in our opinion, the Silver Party of this State abould drop its local name and fall into line with the National People's Party, in order to accomplish the reform which it seeks by being organized for the great national conflict of 1896. And

Wherenas: We recognize the fact, that those who are not for us are against us, and that fusion with enemies or luke warm friends is always a source of wealness to those who are struggling for justice. Therefore be it further

RESCHAPIT This our delegates to the People's Party Convention to be held at Reno on the 6th, day of September 1895, be, and they hereby are, instructed to oppose any insion with any other party whatever, and that if they give proxies to others, that they instruct that proxies to the same effect.

C. H. PATCHEN, Chairman, C. H. PATCHEN, Chairman ALEX, VEITCH, ROBT, LEROY.
